Dr. Betsy Porter, Director of the Office of Admissions and Financial Aid, presented information on the admissions process for international undergraduate students. Although in transition since 2007, this activity was formally moved from the Office of International Services (in the Division of Student Affairs) to OAFA in July 2009, for the purpose of centralizing and coordinating the undergraduate admissions process. Dr. Porter discussed current responsibilities and goals with respect to international admissions, including increasing global visibility and name recognition of the University, in order to recruit high quality undergraduate students and improve the already rich and diverse undergraduate student population.

The next meeting will be held on Thursday, March 25th at 11:30 AM.
